Dear Sirs:

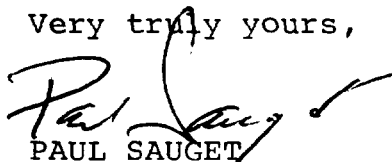

In accordance with the provisions of Section 9(iv) of the Access Agreement, you are hereby authorized to install one (1) ground water metering well within the fenced-in portion of the new American Bottoms Regional Wastewater Treatment Plant, which shall be located:

(i) between the north service road and the north fence line; and

(ii) directly north of the mid point between the Administration Building and the Maintenance Building;

provided, however, that you shall avoid all sewer, water and other underground lines and facilities.

Very truly yours,

PAUL SAUGET

PS/blw
